

DAY ONE Conference - Monday 24 March 2014

0900-1030
Opening
plenary

Welcome to WASH 2014 - Jenny da Rin, Department of Foreign Affairs and Trade, Australia

Keynote "WASH and Health" - Professor Jamie Bartram, The Water Institute, University of North Carolina

Keynote "Will it still work in 2030?" - Almud Weitz, Water and Sanitation Program, World Bank

Introduction to the conference process - Barbara Evans, University of Leeds

Chaired by Mark Pascoe, International WaterCentre

1030-1100

Break

1100-1300

1: Equitable access, universal services <i>Gender and disability</i>	2: Achieving health outcomes with WASH <i>Focus on nutrition</i>	3: Sustaining services and outcomes <i>Urban WASH – Reflections from Africa</i>	4: Equitable access/sustaining services and outcomes <i>Right to water and sanitation (RTWS) and challenging environments</i>
PATERSON 1	PATERSON 2	LAWSON 2	LAWSON 1

Thematic
session A

<p>From equity in WASH to equity through WASH? A framework for exploring wider gender equality outcomes resulting from WASH programs Gabrielle Halcrow <i>SNV Netherlands Development Organisation</i></p> <p>Promoting equitable access to inclusive WASH facilities in communities Muhammad Asim Saleem <i>Plan International</i></p> <p>Engaging people with disabilities in community WASH programmes Novi Mau <i>WaterAid</i></p> <p>Gender and social inclusion approach</p>	<p>Latest evidence on WASH and nutrition Almud Weitz <i>Water and Sanitation Program, World Bank</i></p> <p>The correlation between household environmental sanitation, household water supply, and mothers' hygiene behaviour for children under 5 and the status of child nutrition in Vietnam Nga Huy Nguyen <i>Vietnam Health Environment Management Agency</i></p> <p>WASH and nutrition in a resettled village in Laos: A household level approach Tari Bowling <i>Theun-Hinboun Power Company</i></p>	<p>The challenges of implementing the delegated management framework in secondary cities and towns in Mozambique Olinda Sousa <i>Administration of Water and Sanitation Infrastructures</i></p> <p>Poor-inclusive urban sanitation: From infrastructure provision to service delivery Glenn Pearce-Oroz <i>Water and Sanitation Program, World Bank</i></p> <p>Programmatic approach to develop sustainable sanitation services in Maputo, Mozambique Carla Barros Costa <i>Water and Sanitation for the Urban Poor</i></p>	<p>Putting children's rights to WASH into practice in South Asia Therese Mahon <i>WaterAid, UK</i></p> <p>Making public toilets work Md Khairul Islam <i>WaterAid, Bangladesh</i></p> <p>Investigating and emphasising equitable access in water safety planning process Juliet Willetts <i>Institute for Sustainable Futures, University of Technology Sydney</i></p> <p>Facilitator: Regina Souter <i>International WaterCentre</i></p>
--	---	--	---

	<p>for equitable and sustainable universal service Paras Thakuri <i>Nepal Water for Health</i></p> <p>Facilitator: Darren Saywell <i>Plan International</i></p>	<p>Facilitator: Ben David <i>Department of Foreign Affairs and Trade, Australia</i></p>	<p>Achieving a financial turnaround in WASH delivery in Zimbabwean towns and cities Fadzai Mukonoweshuro <i>Department of Foreign Affairs and Trade, Australia</i></p> <p>Facilitator: Laila Smith <i>Department of Foreign Affairs and Trade, Australia</i></p>	
1300-1415	Lunch			
1415-1615	<p>1: Equitable access, universal services <i>Pro-poor approaches</i></p> <p>PATERSON 1</p>	<p>2: Achieving health outcomes with WASH <i>Focus on maternal mortality</i></p> <p>PATERSON 2</p>	<p>3: Sustaining services and outcomes <i>Planning WASH in an era of climate change</i></p> <p>LAWSON 1</p>	<p>4: Equitable access/sustaining services and outcomes <i>Achieving universal access</i></p> <p>PATTERSON 1</p>
Thematic session B	<p>Practical application of pro-poor support mechanisms to improve sanitation services Petra Rautavuoma <i>SNV Netherlands Development Organisation</i></p> <p>Household contributions to WASH and affordability: How much is enough? Catarina Fonseca <i>IRC International Water and Sanitation Centre</i></p> <p>Enabling changes in institutional approaches to sanitation in Timor-Leste Alex Grumbley <i>WaterAid</i></p> <p>Facilitator: Louisa Gosling <i>WaterAid, UK</i></p>	<p>Setting the scene – results from a systematic review of literature Yael Velleman <i>WaterAid, UK</i></p> <p>The roles of water, sanitation and hygiene in safe births in rural PNG Alison Macintyre <i>WaterAid, Australia</i></p> <p>The contribution of household level water and toilet facilities on pregnancy related mortality, in Afghanistan: a population-based case-control study Giorgia Gon <i>London School of Hygiene and Tropical Medicine</i></p> <p>Facilitator: Archana Patkar <i>Water Supply and Sanitation Collaborative Council</i></p>	<p>WASH in resilient communities: Addressing water, food security and climate change at catchment scale in Timor-Leste Alana George <i>CARE Australia</i></p> <p>Climate change, water resources and WASH in the Pacific Wade Hadwen <i>Griffith University/ International WaterCentre</i></p> <p>The silent partner: role of the environment in WASH partnerships Tracey Keatman <i>Building Partnerships for Development</i></p> <p>Facilitator: Erik Harvey <i>WaterAid, UK</i></p>	<p>Reaching floating and flooded communities with productive sanitation Rob Hughes <i>Live and Learn Environmental Education</i></p> <p>Understanding social networks to increase capacity and access to knowledge Ruth Kennedy-Walker <i>Newcastle University</i></p> <p>Bana Yarralji Aboriginal Corporation: Working in partnership to access WASH Madeleine Jenkins <i>Centre for Appropriate Technologies</i></p> <p>Facilitator: Bronwyn Powell <i>International WaterCentre</i></p>
1615-1645	Break			

1645-1730 Plenary 2	<p><i>Everyone Forever or Most People, Most of the Time?</i></p> <p>A debate between Kristof Bostoen (IRC International Water and Sanitation Centre) with Chris Brown (Independent consultant) and Sanjay Wijesekera (UNICEF) with Almud Sanjay Wijesekera (UNICEF) with Almud Weitz (Water Sanitation Program, World Bank)</p> <p>Facilitator: Barbara Evans (University of Leeds)</p>
1900	<p>Conference Dinner Moda Events, Portside</p>

DAY TWO Conference - Tuesday 25 March				
0845-1000 Plenary 3	<p>Keynote "The Pacific WASH Experience" – Rhonda Robinson, Secretariat of the Pacific Community</p> <p>Keynote "Getting to Everyone, Everywhere: New operating principles to tackle an old reality" – Archana Patkar, Water Supply and Sanitation Collaborative Council</p> <p>Water and sanitation global status overview: a update from the Joint Monitoring Program</p>			
1000-1030	Break			
1030-1230	<p>1: Equitable access, universal services <i>Menstrual hygiene management</i></p> <p>PATERSON 1</p>	<p>2: Achieving health outcomes with WASH <i>Focus on neglected tropical diseases</i></p> <p>PATERSON 2</p>	<p>3: Sustaining services and outcomes <i>Optimising public, private, civil society and donor roles</i></p> <p>LAWSON 2</p>	<p>4: Equitable access/sustaining services and outcomes <i>Sanitation beyond toilets</i></p> <p>LAWSON 1</p>
Thematic session C	<p>Investigating the perceptions and barriers to menstrual hygiene management in Zambia Cara Person <i>University of North Carolina</i> Emmanuel Opong <i>World Vision International</i></p> <p>Piloting the 'menstrual hygiene matters' resource book in school settings Therese Mahon <i>WaterAid, UK</i></p> <p>Realizing rights to effective menstrual hygiene management in Uganda</p>	<p>Mapping the way forward for controlling Trachoma: A partnership approach Wondu Alemayehu <i>Fred Hollows Foundation</i></p> <p>Inclusive and integrated WASH programming for health: Morbidity management and disability prevention for blinding Trachoma and Lymphatic Filariasis, and Hydrocoele surgery Austin Beebe <i>African Medical and Research Foundation</i></p>	<p>Optimising civil society, private enterprise and public sector role: Insights from a political economy analysis of three southeast Asian nations Juliet Willetts and Janina Murta <i>Institute for Sustainable Futures, University of Technology Sydney</i></p> <p>Community management of rural water supply systems Dr Richard Franceys <i>Cranfield University, UK</i></p> <p>Achieving sustainable access to safe drinking water through a social</p>	<p>Economic efficiency of progressive improvement in sanitation interventions in SEA Sanjay Wijesekera <i>UNICEF</i></p> <p>Making profit from faecal sludge: BRAC WASH Initiative Sharmin Farhat Ubaid <i>BRAC Bangladesh</i></p> <p>Learning from a review of faecal sludge management in 12 cities Isabel Blackett <i>Water and Sanitation Program, World Bank</i></p>

	<p>Jane Nyaketcho <i>Plan International</i></p> <p>Facilitator: Krissy Nicholson <i>Plan International</i></p>	<p>Impact of WASH and albendazole on worm infection in Timor-Leste Suzy Campbell and Susana Vaz Nery <i>School Of Population Health, The University Of Queensland</i></p> <p>Hygiene behaviour change and the prevention of worm infections in Chinese school children Franziska Bieri <i>School of Population Health, The University of Queensland</i></p> <p>Facilitator: Yael Velleman <i>WaterAid, UK</i></p>	<p>enterprise approach? A case study of SolaWata in Sierra Leone Paul Munro <i>University of Melbourne</i></p> <p>Effective development cooperation to achieve universal access Clare Battle <i>WaterAid, Australia</i></p> <p>Facilitator: Marcus Howard <i>Department of Foreign Affairs and Trade, Australia</i></p>	<p>Effective governance for the operation of decentralised sanitation systems Cynthia Mitchell <i>Institute for Sustainable Futures, University of Technology Sydney</i></p> <p>Facilitator: Almud Weitzi <i>Water and Sanitation Program, World Bank</i></p>
1230-1345	<p>Lunch Poster presentations</p>			
1345-1545	<p>1: Equitable access, universal services <i>Measuring progress in reducing inequalities</i> PATERSON 1</p>	<p>2: Achieving health outcomes with WASH <i>Policy points for integration</i> PATERSON 2</p>	<p>3: Sustaining services and outcomes <i>Sanitation marketing</i> LAWSON 1</p>	<p>4: Equitable access/sustaining services and outcomes <i>Monitoring sustainability</i> LAWSON 2</p>
Thematic session D	<p>Defining remote service levels to enable equitable service standards Liz Pattison <i>Parsons Brinckerhoff</i></p> <p>Global water, sanitation and hygiene targets and monitoring in the post-MDG development period Sanjay Wijesekera <i>UNICEF</i></p> <p>Comparing MDG progress on drinking water and sanitation: Why benchmarks matter Mark Elliott <i>University of Alabama</i></p> <p>Facilitator: Archana Patkar <i>Water Supply and Sanitation</i></p>	<p>Increasing access to sanitation and hygiene through the community hygiene clubs approach in Rwanda - Theonest Nkurunziza <i>World Vision, Rwanda</i></p> <p>The SaniPath Study: Consequences of a broken sanitation chain and implications for policymakers in Accra, Ghana Christine Moe <i>Emory University</i></p> <p>Exploring an entry: WASH into the health system Md Khairul Islam <i>WaterAid, Bangladesh</i></p> <p>Facilitator: Jamie Bartram</p>	<p>Towards marketing an affordable improved supply of sanitation products and services: A comprehensive sanitation market and business analyses in Timor Leste Ansye Sopacua <i>BESIK</i></p> <p>Understanding and fostering sustainable WASH marketplaces in the Pacific Regina Souter <i>International WaterCentre</i> Dani Barrington <i>Monash University/International WaterCentre</i></p> <p>Rural consumer sanitation adoption study: Understanding household consumers in the emerging sanitation</p>	<p>Sustainability check tools: Donor accountability and national sector monitoring Harold Lockwood <i>Aguaconsult</i></p> <p>Experience with post implementation monitoring for sustainability in WaterAid Erik Harvey <i>WaterAid, UK</i></p> <p>From service delivery assessment to action in PNG Trevor Nott <i>Water and Sanitation Program, World Bank</i></p> <p>Monitoring - Harnessing ICT to improve services to the poor in Africa Glenn Pearce-Oroz <i>Water and Sanitation Program, World Bank</i></p>

1545-1600 1600-1700 Plenary 4	<i>Collaborative Council</i>	<i>University of North Carolina</i>	market in Cambodia Mr Phav Daroath <i>WaterSHED</i> Facilitator: Danielle Pedi <i>WASH Catalyst</i>	Facilitator: Juliet Willetts <i>Institute for Sustainable Futures, University of Technology Sydney</i>
	Break			
	Closing Plenary Wrap-up and commentary from each sub-theme Thanks and closing – Marcus Howard, Department of Foreign Affairs and Trade, Australia			

Training Program.			
	Wednesday 26th March	Thursday 27th March	Friday 28th March
Training Option 1	Paterson Room (level 1)	Lawson 1 (level 1)	Lawson 1 (level 1)
	Making WASH inclusive: Ensuring marginalised groups have access to WASH services Rosie Wheen and Louisa Gosling, WaterAid	From infrastructure to water services that last: Applying a service delivery approach in theory and practice Catarina Fonseca, IRC Harold Lockwood, Aguaconsult (Triple-S) Part 1	From infrastructure to water services that last: Applying a service delivery approach in theory and practice Catarina Fonseca, IRC Harold Lockwood, Aguaconsult (Triple-S) Part 2
Training Option 2	Gilmore Room (level 1)	Lawson 2 (level 1)	Lawson 2 (level 1)
	Too much information, not enough learning: The challenge of making WASH knowledge systems that work Bronwyn Powell, International WaterCentre Kathryn Harries, Civil Society WASH Fund	Developing partnerships in practice: Strengthening partnerships for sustainable WASH services Tracey Keatman, Building Partnerships for Development	Sanitation marketing for practitioners: Introduction to program design and implementation Mimi Jenkins, University of California and Danielle Pedi, WASH Catalyst
Training Option 3	Murray Room (level 2)	Paterson Room (level 1)	Paterson Room (level 1)
	Scaling up rural sanitation Yolande Coombes and Devi Setiawan WSP, Africa.	Menstrual hygiene matters: Workshop for practitioners Therese Mahon and Sue Cavill, WaterAid, UK	Realising the human rights to water and sanitation: from policy to practice Juliet Willetts, Institute for Sustainable Futures, University of Technology Sydney
Training Option 4	Kendall Room (level 2)	Kendall Room (level 2)	Gilmore Room (level 1)
	Planning for improved urban environmental health through rapid participatory assessment of sanitation systems Jonathan Parkinson, SPLASH, Christine Moe & Habib Yakubu, Centre for Global Safe Water at Emory University & contributions from World Health Organisation	Sanitation, stunting, poverty and health Almud Weitz and Dean Spears, WSP East Asia and Pacific, and Kerryn Clark, Department of Foreign Affairs and Trade	Scaling up rural sanitation Yolande Coombes and Devi Setiawan WSP, Africa
Training Option 5	Walker Room (level 2)	Walker Room (level 2)	Walker Room (level 2)
	Developing partnerships in practice: Strengthening partnerships for sustainable WASH services Tracey Keatman and Ken Caplan, Building Partnerships for Development	Planning for improved urban environmental health through rapid participatory assessment of sanitation systems Jonathan Parkinson, SPLASH, Christine Moe & Habib Yakubu, Centre for Global Safe Water at Emory University & contributions from World Health Organisation	How to monitor gender in WASH programs: A practitioners' guide Lee Leong, Deborah Elkington and Krissy Nicholson, Plan International Australia

*each session will run from 9am – 5pm.

POSTER PROGRAM

First Name	Last Name	Organization	Speakers Paper Title	Theme
Lalaina	Andrianamelaso	WaterAid	Development of WaterAid Madagascar accessibility booklet into households education tool	Equitable Access, Universal Services
Lloyd	Bakuwa	Plan International	Sustaining WASH Services and Outcomes through Learning and Knowledge Management	Sustaining Services And Outcomes
Kristof	Bostoen	IRC	Monitoring in extra household settings	Equitable Access, Universal Services
Tari	Bowling	Theun Hinboun Power Company	Linking WASH and nutrition through cooking classes in rural Laos	Achieving Health Outcomes
Georgia	Davis	East Meets West	Borrowing for Shit	Equitable Access, Universal Services
Mark	Elliott	University of Alabama	Global Assessment of Drinking Water Access Vulnerability to Climate-Related Hazards	Sustaining Services And Outcomes
Naomi	Francis	Nossal Institute For Global Health	Stakeholders' interpretations of a WASH program in East Timor.	Equitable Access, Universal Services
Declan	Hearne	IWC	Examination of school based behaviour change interventions in Philippine schools.	Equitable Access, Universal Services
Paul	Hicks	Catholic Relief Services	Innovative Financing for Rural and Small Urban Water Systems	Sustaining Services And Outcomes
Ruth	Kennedy - Walker	Newcastle University	Assessing the long term operating costs of improved sanitation infrastructure using network modelling	Sustaining Services And Outcomes
Sem	Mabuwa	AFAP	WASH Accountability: Experience and Challenges of Engaging Governments	Sustaining Services And Outcomes
Heather	Moran	BESIK	Scaling-Up Handwashing with Soap Promotion in Timor-Leste	Sustaining Services And Outcomes
Janina	Murta	ISF	Gathering the evidence: A systematic review of small private enterprise engagement in WASH	Sustaining Services And Outcomes
Nilusha	Patabendi	Plan International	Issues in managing menstrual hygiene in rural schools of Srilanka.	Equitable Access, Universal Services
Glenn	Pearce-Oroz	WSP	Overcoming barriers to condominal sewers in Zambia	Equitable Access, Universal Services
Lea	Rakotondraibe	WaterAid	Development of WaterAid Madagascar accessibility booklet into households education too	Equitable Access, Universal Services
Tanja	Rosenqvist	UTS	Institutional Arrangements for Decentralised Sanitation Systems in Indonesia.	Sustaining Services And Outcomes
Thomas	Schild	GIZ	WASH-Sustaining services and outcomes through Development Partnerships	Sustaining Services And Outcomes
Stefanie	Schwemlein	UNC Water Institute	Developing an index for monitoring and evaluation of water, sanitation, and hygiene systems in schools (in low- and middle-income countries)	Equitable Access, Universal Services
Sukunadas	Suthershan	World Vision	Sustained WASH through Optimized Partnerships in the Sri Lankan Plantations	Sustaining Services And Outcomes
Wahyu	Triwahyudi	Plan International	Access for all?...Building disability inclusion into sanitation marketing in Indonesia	Equitable Access, Universal Services
Paul	Tyndale-Biscoe	FH Designs	Factors Affecting ODF Sustainability	Sustaining Services And Outcomes
Hilary	Veale	Burnet Institute	Delivering and evaluating the impact of WASH in Myanmar: lessons learned so far.	Equitable Access, Universal Services
Jane	Wilbur	WaterAid	Undoing inequity: inclusive water, sanitation and hygiene programmes for all	Equitable Access, Universal Services
Laurence	Wilson	Live and Learn	Community water security planning: A case study from Vanuatu.	Sustaining Services And Outcomes
Tashi	Yetsho	SNV Netherlands	Improving Bhutan's urban sanitation services through behaviour change communication	Sustaining Services And Outcomes
